Personal details

Name:	Yusuf Yabo Abubakar, CSc.
Address:	Sokoto State, Nigeria.
Email:	Yusufyabo01@gmail.com
Phone No:	+2349034498333
Gender:	Male
Date of Birth:	05-05-1995
Nationality:	Nigerian
State of Origin:	Sokoto State
Local Government:	Yabo

Bio/Career Objective

A proactive and technically proficient IT professional with a solid background in Computer Science. Seeking to leverage extensive experience in IT Operations and Technical Support to excel in a challenging role. Possessing a strong foundation in network security and troubleshooting, coupled with a passion for problem-solving. Certified in Google IT Support and Cybersecurity, I am committed to contributing effectively to the development and implementation of efficient technical solutions.

Area of Expertise

Experienced Technical Professional skilled in Python skilled in Python, Java, and C++, with expertise in blockchain technology including Ethereum and Hyperledger Fabric. Proficient in cybersecurity practices such as threat modeling and incident response. Capable in hardware/software troubleshooting and network configuration. Holds a Bachelor of Science in Computer Science with honors. Certified blockchain developer and cybersecurity analyst. Previous role involved technical support and IT security training. Committed to continuous learning and eager to contribute to your team's success.

Specific Accomplishments

- Developed and delivered training materials on IT security best practices, which resulted in a 70% reduction in security incidents.
- Successfully troubleshoot and resolved a complex hardware issue that had been affecting the company's network for over a week.
- Implemented a new IT support ticketing system that improved the efficiency of the IT support team by 30%.

Qualifications	Institutions Attended	Year

BSc Computer Science **Al-Qalam University Katsina** **2017-2022**
Blockchain Studies (CSC – BSTUD) **Althash University Chicago** **2023-2023**

- Capstone Project: Blockchain for Telecommunication: Enhancing Service Quality and

  Customer Satisfaction in the Telecommunication Industry

Professional Certificate in Cybersecurity **PaloAlto Networks Cybersecurity Academy**

2022-2022

- Palo Alto Networks Cybersecurity Foundation
- Palo Alto Networks Network Security Fundamentals
- Palo Alto Networks Cloud Security Fundamentals
- Palo Alto Networks Security Operations Fundamentals

The Palo Alto Networks Cybersecurity Professional Certificate prepares students for entry-level careers in cybersecurity, emphasizing learning the fundamentals of Networking, Network Security, Cloud Security, and Security Operations related to Palo Alto Networks Technology and the cybersecurity industry as a whole.

Professional Certificate in IT Support **Google Via Coursera** **2022-2022**

- Technical Support Fundamentals
- The Bits and Bytes of Computer Networking
- Operating Systems and You: Becoming a Power User
- System Administration and IT Infrastructure Services
- IT Security: Defense against the digital dark arts

Those who earn the Google IT Support Professional Certificate have completed five courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for entry-level roles in IT support. They are competent in foundational skills, including troubleshooting and customer service, networking, operating systems, system administration, and security.

Secondary School Certificate(WAEC) Al-Manar Senior Science Schools, Kado Estate, Abuja **2007-2013**

First/Primary School Leaving Certificate **SKS Model Primary School** **1999-2004**

Relevant Internship Experience		Year
Project Management (Bootcamp) Team Lead		
Digital Exchange Academy - DEXA		**Feb 2023 (1 mo)**

Led a team during a 21-day Project Management Bootcamp by The Open University and TeamGantt. Orchestrated seamless collaboration, efficient execution, and exceptional learning. Demonstrated strong leadership, managed timelines, resources, and tasks effectively. Utilized agile methodologies, facilitated meetings, and provided mentorship for optimal engagement and knowledge transfer.

Industrial Trainings

Company/POA	Responsibility	Year
Rima cyber cafe	Network administrator	2019
Fusion Tech Solutions	Hardware and software Engineer	2020
Kaduna Electric	IT Support	2021

Administrative Experience	Company	Year
Head of Information Technology	**HD Cyber Solutions**	**Jul 2022 – Dec 2022 (6 mos)**

As a computer engineering role applicant, I provided tech support, enhanced security measures, and delivered excellent customer service. I efficiently managed complaints to ensure prompt resolution and payouts, showcasing my ability to handle technical issues and prioritize customer satisfaction.

NYSC	**CIS Kebbi State**	**2022 - 2023 (1 Year)**
